

## **Public Notice**

**November 16, 2017**

The District has been advised that three Board Members will be unable to attend tonight's Board meeting. Rather than wait until the start time of the meeting, we have decided to inform the public in advance. Two board members reported their expected absences over a week ago, and an additional member reported the same today. The reason for the absences is that tonight's meeting deviated from the regular board meeting schedule and therefore individual board members were unable to resolve conflicts with their personal and business schedules.

Unfortunately, without a quorum, Mesa Union School District is unable to conduct business tonight and the meeting has been rescheduled as a special meeting for December 5th. A new agenda will be posted prior to the meeting in accordance with law.
