September is Attendance Awareness Month

SACRAMENTO—State Superintendent of Public Instruction Tom Torlakson, in recognition of September as Attendance Awareness Month, said school districts, public agencies, community groups, students, and their families must work together to combat chronic absenteeism.

“Students aren’t learning if they are not in class. Cohesive partnerships, intervention strategies, and solid support services create attendance teams that are armed with the necessary tools to identify and help students struggling with attendance problems,” said Torlakson. “By combining resources and working together, school attendance administrators, parents, and community organizations can build systems to reduce chronic absenteeism rates that are positive and effective, not negative and punitive.”

Chronic Absenteeism occurs when a student is absence 10% of their school year. This calculates to missing 18 days of school. As reflected on the school’s dashboard, currently 5.8% of Mesa Union students fall into this area. In 2017-2018 Mesa Union’s end of the year attendance rate was 96.5%. This is outstanding, let’s continue this great work!

<u>2018-19 Attendance Rates:</u>	<u>School Wide</u>	<u>Elementary</u>	<u>Jr High</u>

Septiembre es Mes de Crear Conciencia Sobre la Asistencia

SACRAMENTO— El Superintendente Estatal de Instrucción Pública Tom Torlakson, y en reconocimiento de que Septiembre es Mes de Crear Conciencia Sobre la Asistencia, dijo que los distritos escolares, agencias públicas, grupos comunitarios, estudiantes, y familias deben trabajar juntos para combatir el ausentismo crónico.

“Los estudiantes no están aprendiendo si no están en clases. Las alianzas cohesivas, estrategias de intervención, y servicios de apoyo sólidos crean equipos de asistencia armados con las herramientas necesarias para identificar y ayudar a los estudiantes que luchan con problemas de asistencia,” dijo Torlakson. “Combinando los recursos y trabajando juntos, los administradores de asistencia escolar, padres, y organizaciones comunitarias pueden construir sistemas positivos y eficaces para reducir las tasas de absentismo crónico, y no negativa y punitiva.”

El Ausentismo Crónico ocurre cuando un estudiante está ausente el 10% del año escolar. Esto se calcula que falta 18 días de escuela. Como se refleja en el tablero de la escuela, actualmente el 5.8% de los estudiantes de Mesa Union caen en esta área. En el 2017-2018 la tasa de asistencia de Mesa Union al final del año fue de 96.5%. ¡Esto es extraordinario, vamos a continuar este gran trabajo!
