

# Student Health Decision Tree

Screen all students for potential COVID-19 symptoms or exposure

## Symptoms commonly found with COVID-19 or other viral infections

-  Sore throat
-  Headache
-  Congestion/ runny nose
-  Fatigue/ muscle or body aches
-  Nausea/ vomiting/ diarrhea

## Symptoms frequently associated with COVID-19

-  Fever ( $\geq 99.5^{\circ}\text{F}$ )
-  Difficulty breathing
-  Cough
-  Loss of taste/ smell

### Exposure to COVID-19 positive person

Close contact: less than 6 feet, 15 minutes or longer

NO

YES

CDPH recommendations for staying home when sick and getting tested: NEW symptom/s commonly or frequently found with COVID-19 that is a change from the student's baseline

STAY HOME

To return to school, student will need to be fever free for 24 hours without the use of fever-reducing medication; and other symptoms have improved; and **ONE** of the following:

1. Confirm alternate diagnosis, with a doctor note **OR**
2. A negative COVID-19 test (Antigen or PCR) **OR**
3. A positive COVID-19 antigen or PCR test **AND at least 10** days have passed since symptom onset – Note: a negative antigen or PCR test during isolation will not shorten 10-day isolation **OR**
4. None of the above 3 options - at least 10 days from symptom onset

FULLY VACCINATED \*

HAS SYMPTOMS

YES

NO

ATTEND SCHOOL

May remain in school and continue wearing a face mask. However, should get tested 5-7 days after their last exposure and monitor for symptoms for 14 days from last exposure. Staff must follow Cal/OSHA guidance.

Note: Individuals who have a documented positive test result within the 90 days from their test date and remain asymptomatic are exempt from testing and quarantine.

UNVACCINATED

BOTH PERSONS HAD FACE MASKS ON

FACE MASKS NOT ON

ATTEND SCHOOL

May continue attending in-person instruction if they meet **ALL** the following:

1. Are asymptomatic
2. Continue to wear face mask, as required
3. Test twice weekly during the 10-day or 7-day quarantine (with an antigen or PCR test)
4. Cannot attend any extracurricular school activities, including sports, conditioning, band practice, etc.

Note: Modified Quarantine can end after Day 7 if a laboratory-based antigen or PCR is collected on Day 5 or later from the date of last exposure and tests negative. Modified quarantine applies **only** to exposures that occur on the school campus.

STAY HOME

To return to school, student will need to monitor their symptoms for 14 days from last exposure and **ONE** of the following:

1. Quarantine can end after day 10 from the date of last exposure if asymptomatic **OR**
2. Quarantine can end after Day 7 if a laboratory-based antigen or PCR is collected on Day 5 or later from the date of last exposure and tests negative.

Note: Testing is recommended 5-7 days after a close contact exposure to a COVID-19 case even if the contact is fully vaccinated.

\* You are considered fully vaccinated against COVID-19 two (2) weeks after:

- You received a single-dose of the Johnson & Johnson/Janssen COVID-19 vaccine, OR
- You received a second dose of a Pfizer or Moderna COVID-19 vaccine
